1	It was a good presentation

25	The presentation was great
27	Some suggestions I have would be that after the guest finish speaking that they had their own station for the career they pick that match our degree or career that we are pursuing. So that we can get with them and go in depth with that career experience, so we can learn more about that field
29	Will we have another workshop?
31	The success of the alumni gave me great innovation. I am confident that I will be as successful as I want to be
32	They inform some info about why everyone need to be active for opportunity that would change your life
35	I enjoyed the presentation because it motivated me to be open minded to take on opportunities
36	Keep up the good work
