We have made some good progress over the last week! This is a measure of writing vs no writing...

Division	% Program Reviews in Progress
Academic Divisions	38%
Administrative Services	80%
Co-curricular Programs, Departments, Locations, and Committees	50%
Occupational Programs	56%
Student Affairs	45%

We're making progress but cannot rest on our laurels. Please continue to remind and encourage your folks to keep going/get started!
